

2024 Scholarship Application period is OPEN!

Unifor recognizes that the cost associated with post-secondary education is a challenge for many working families. To assist in making education more accessible, we have established 28 scholarships of \$2,000.00 each. Five of these scholarships are administered by the Quebec Council with a separate application form (see www.uniforquebec.org/fr/propos/bourses-detudes). Residents of Quebec must apply using that application process.

The scholarships are awarded to children of Unifor members in good standing. Students must be entering their **first year** of full-time post-secondary education (university, community college, technological institute, nursing school, trade college, etc.) in a **public institution in Canada**. One of these scholarships will also be available to a Unifor member with at least one year seniority. These are entrance scholarships only and are not renewable for students entering subsequent years of study. A more detailed description of eligibility criteria and the application process can be downloaded below.

A selection committee composed of Unifor National Staff and Local Union Discussion Leaders evaluates scholarship applications. The selection committee reviews hundreds of applications annually and considers many factors when evaluating applications including academic achievement, responses to essay questions, and a demonstrated commitment to social justice through extracurricular activities and volunteerism. In addition, the selection committee ensures that scholarship awards are distributed to best reflect the regional, sectoral, and membership diversity of Unifor.
