Fellow members of Local 25,

This year, I am running to be **TREASURER** of Local 25, and I am seeking your support.

Many of you may not know me personally, but I have been one of six members of the Local 25 Executive, acting as Secretary for the last 2 terms. During this time despite shrinking membership, we've worked well as a team and held Local dues among the lowest in Ontario. We've defended workers against unjust terminations, and continued to represent workers during the Pandemic, and during my tenure the Local 25 team has managed to succeed in .

I'm a lifer, folks. Advocating for change has been my 2nd career my entire life, advocating for Freedom of Information in the days of dial-up Internet, to advocating for Housing Rights during Ontario's current housing crisis. I have greatly enjoyed stepping into the Labor Rights arena, and I am very excited to see what the future holds.

TREASURER is a key role, and I believe I can provide the stability and commitment required to help steer this ship into the uncertain future.

All aboard!
