

LENNY NEMBHARD For VICE PRESIDENT

Lenny.Nembhard25@gmail.com

Monday, December 05

Dear Voter, election time is here again and I am asking for your support to be re-elected as Vice President.

Over the past seven years I have fought to keep union dues from increasing. In fact, the local absorbed dues increase that was levied by the Ontario Communications Council. With the current economic uncertainty and rising costs I will work hard to keep it at the same rate. The Board works on a deficit, planning ahead for expenditures and have come out in the green in six of the seven years. This is because we are frugal with expenses, ensuring integrity and transparency in all transactions.

Those who know me well know where to find me, working alongside with you. I understand firsthand the challenges and difficulties you face and will continue to stand up for your rights and concerns.

As Co-Chair for Health and Safety, I take my role seriously, which is to give you a safe workplace and advocate for you. I have been in this role for over six years and have learned a great deal.

It has been a tremendous honor to represent great people like you. I look forward to another four years working hard for you.
